wtf is wrong with you?

Do you really think that «hollywood» is trying to make you feel bad?
Do you REALLY think they give a damn about how you feel?

They care about making a good movie
Make money

And in this case lots of them care about sharing the truth about what happend.

Its like making a world war movie, do you think the Germans should feel bad too?
Idiots.

zebraloc at 2014-01-01 17:54 CET:

Thanks Drarbg! and Happy New Year! History can be a teaching tool about how to succeed today by correcting yesterday's errors and building on yesterday's successes. Given the war against the poor, the elderly, veterans, and the disabled today, looks like the Master class has the other 99% by the short ones. Just sayin'.

Movie 2

Another White Guilt Movie where whites are suppose to feel guilty about slavery when whites abolished it first and practiced it less than other races.

This movie is set back in a time when men found black women attractive, not only that, white men found black women attractive, not only that but white men found black women so attractive that white men were raping black women all the time.

Somewhere between now and slavery, white men stopped finding black women attractive... OR... the idea of white men raping black slaves is bullshit.

dudelove420 at 2014-01-02 01:25 CET:

100 years from now we will talk about how America has went from a country where Whites were racist to one where the commercial world has sensationalized and made the African Community the new face of racism, being from a black community and living around surrounding communities, you can really see the change. Yet, by me the cops never harass black people and if you are to question anything you are the racists. We live in a time of one sided media perception that is slanted towards minority's and they overplay the slave card and also the founding roots of this country. I would have to agree with SAMIZDAT on the ones who were slave owners giving the ones that like to bitch about it the rights they have today. It's all about perception, but they don't like to talk about

the other sides of history, how blacks would even sell their own kind into slavery or that black people were not the only ones that were slaves. All I have to say is be thankful that you have the rights you have today and keep fighting because America is becoming biased and people are falling victim to commercial programming. This is a human condition, not a white thing!

Time for whites to start thinking about ourselves, time to separate like all the races have done.

biggerisbetter34 at 2014-01-02 01:49 CET:
So, are white really so easily classified into those with guilt and those without?

If so, I find those without much more interesting. Are you the poorest of the whites? Are you okay with Jim Crow laws?

And are you sure aren't still attracted to Black women? Or is it only the white guys with big dicks like Alan Thicke and Robert DeNiro who aren't intimidated?

Just wondering...

ScarHeavy at 2014-01-02 02:02 CET:

Will you all stop with white guilt? It's just a sad part of history, that makes a sad and intense movie.
Nobody talks about « nazi guilt » with movies about the holocaust or « catholic guilt » with movies about the crusades, it's just stories about sad parts of history. I'm white and i don't feel guilty 'cause i wasn't born so i had no part in slavery. I may be weird but i just try to enjoy the movie.

Anyway, thanks for the upload!

dudelo420 at 2014-01-02 03:24 CET:
James, did you catch the one news headline where the media sensationalized the knock out game for a white person from Texas, Conrad Alvin Barrett, calling it a hate crime? Why no mention of it the other way around when it originated from the African American Community, it's only racist if you're white. Once again the double standard in today's America.

jameskrueger2nd at 2014-01-02 03:56 CET:
@dudelo420

One news headline?
Are you so ignorant, or you pretend?

This is 2012 news of hundreds of black attacks
<http://www.wnd.com/2012/10/black-mob-knockout-games-now-spreading/>

Today black on Whitey attacks are 10 times worse. Kumbaya is over

dudelo420 at 2014-01-02 04:31 CET:

James, you are the ignorant one, because that attack happened after the many reported attacks involving the knockout game. I brought that up to show you the one-sided biased reporting when it comes to the media, I guess you didn't get that? Kind of the same with the way they approached the Trayvon Martin shooting. The point was not that it is only one news headline, it's the fact that you are so stuck in your own form of conditioning that you can not even look at anything from the other side of the spectrum.

What should be more significant to white america, more scary and more detrimental is the criminal activity of whites.. like pedophilia, child pornography and trafficking, the murder and abduction of little white children and white woman and white collar crime. But your ignorance and hatred allow you to think that somehow the criminal activities of blacks are more dangerous. Wake up dumb asses

yoyoufuckingidiot at 2014-01-02 08:47 CET:
 @biggerisbetter34

I am white, I feel 0 guilt for what happened to slaves. I never owned a fucking slave, and I know my family never did. Even if they had I wouldn't feel guilty, I'm responsible for myself not my ancestors.

Yes my family is very poor and I have a big dick and I'm attracted to some black women, but that's not why I don't feel guilty for it. It's because there's no reason I should, I never owned a god damn slave.

No I am not ok with Jim Crow laws because segregation by race is wrong. Jim Crow laws are 100% racist laws out of an unknown fear of other races.

BUT here is my problem with black people, and not all black people. I grew up in the 'hood' if you will for most of my childhood, so I feel I can say this without being racist.

Black people in the 'hood' don't care to get themselves out of that situation, and want to abuse the system that's there to help people get out of their situation. Also they want to kill each other over drug territory, when they know that the only place they'll end up is dead, or in prison. They're too lazy to get a job and work hard to get out of it, they'd rather sit at home and sling dope and collect welfare. I know this because I've seen it, I worked myself out of the situation. I know other people who have to, so it's not impossible. You can't just continue to bitch about how you're being oppressed, when in this day and age 2014, It's not Black against Whites, It's Rich against Poor, ALL POOR PEOPLE ARE BEING OPPRESSED. So quit it with the racism bullshit, it's classism, if you want to change that then WORK!

Amazing movie... I think it contrasted the different attitudes towards slavery well, as not all whites thought this way, which is likely more accurate than a generalized stereotype.

I think it hits closest to the roots of the problems of inequality and I will say I am very impressed with this quality of this film, the actors and actresses performances, the tact of the film to expose such raw brutality for what it is without coming across gratuitous.

It's a great film, hopefully marking the changing attitudes toward equality amongst all people.

no need to get into social political facts here.. one I,m not the one to debate with under educated whites and internet cowards who only spew hatred online in anonymity... but here's something «white» said. «convince the lowest white man he's better than the best colored man & he won't notice you're stealing from him...» Think about it.

Rush at 2014-01-03 04:57 CET:
Your Marxist history teacher wont teach you these facts...

Large numbers of free Blacks owned black slaves in numbers disproportionate to their representation in society. According to the federal census of 1830, free blacks owned more than 10,000 slaves in Louisiana, Maryland, South Carolina, and Virginia. The majority of black slave-owners lived in Louisiana and planted sugar cane.

According to the U.S. Census report in 1860 only a small minority of whites owned slaves. Out of a population of 27 million whites only eight million lived in the South, and out of this population fewer than 385,000 owned slaves. In short, the total white population own about 1.4, while the southern white population own about 4.8 enslaved Africans.

On the other hand the black population in 1860 was 4.5 million, with about 500,000 living in the South. Of the blacks residing in the South, 261,988 were not slaves. Of this number, 10,689 lived in New Orleans. In New Orleans over 3,000 free blacks owned slaves, about 28 percent of the free Black population in the city.

bohannon69 at 2014-01-03 05:03 CET:
Oh one more thing... «white Guilt» is not a concept discussed, taught, preached or otherwise affirmed within the black community nor are their any persons of color I know of or heard of that hold white people today responsible for slavery of past. Most of us, and I can tell with certainty many more than you, are too intellectually sophisticated for that regardless our education levels. Its just that many of you resent the fact that millions upon millions of black people make more money than you and contribute to society and more significant ways then you so you cling to your bible, your guns, your hatred, your ignorance and a racial narrative that makes your existence more tolerable.

slanx at 2014-01-03 05:44 CET:
I'm in awe that anyone could possibly think that even though this is an extreme

example that it is acceptable. Cretins that will undoubtedly end up in jail or dead will.

The ideal end to this movie is:

Solomon: IS my wife and family OK?

Sheriff: As far as we know know, she has made a living for herself.

Soloman reaches for Sheriff's belt draws the six shooter, aims quickly and fires.

The first bullet grazes the slave owner. Lovely blood effect. Second bullet because it's Hollywood blows his brains to smithereens.

and i just want to say that im portuguese and my country have enslaved a lot of people...im not proud of that fact but i dont blame no one...history has been written by wars,technology advances and economy...the strongest survives and the weakest will fall...sadly its how mother nature has taught living beings.who know some day this teaching changes and we all start living in harmony...

Before we start blaming whites, you should note that BLACKS sold their own people into slaver and have so for over 100 years before the Europeans arrived in Africa.

The movie isn't about past days, the matter of fact it is (also) about present days. Capitalism had been founded as an economy based on (almost) free labor of slaves. Still works that way. Maybe you are formally free, but ur ass belongs to

ur employer(s). Democracy, human rights, freedom on your working place(s) are suspended!

Why they didn't systematically execute all the Negroes after freeing them is beyond me. America would still be a great white country if it weren't for all the lazy Negroes and their decrepit influence on impressionable white society. I wonder when they'll do the movie/s about Irish slavery. Back in the day the Irish were seen as way worse than any black person. In fact the cost of an Irish slave was 10 X less than a black. It was so bad the Irish population was knocked down to around 500,000 WORLDWIDE!!!

elitistinen at 2014-01-19 03:51 CET:

Sometime I feel sorry to be an European. I feel sorry to be sided with FUCKING FASCIST ROTTEN PIGS.

It's just a movie. It was just history. It's a reminder that we should stop treating each other like SHIT.

@CDUKSHN

No were not allowed to feel sorry for Irish slavery because they were white remember?

Courtoman at 2014-01-19 10:22 CET:
Wow

Lots of racism being sparked by this movie and being initiated by people who feel the need to display their «white guilt» by blaming the movie for bringing up «white guilt» which is a truly self-involved way of watching a thought-provoking and rather happy ending story (aka had me crying like a bitch in the last few minutes).

It truly is a globalized world when we can all watch the same movie and get different things from it. Unfortunately on the internets, the trolls, the haters, and some of the most puerile, negative people feel the need to trash themselves, other people, the movie, all because THEY ARE THE BITCHES AND GET CAN'T GET OVER HOW MUMMY AND DADDY AND UNCLE FRANKY MOLESTED THE FUCK OUTTA THEM.

TO ALL YOU WHITE PUSSIES CRYING ABOUT WHITE GUILT (AS IF THAT WOULD MAKE IT OK) FUCK OFF. YOUR ANCESTORS WERE MURDERERS THAT KILLED ALL THOSE THAT WERE »INFERIOR» TO THEM. THE MOVIE THAT HOLLYWOOD SHOULD MAKE IS THAT GENOCIDE AND SLAVERY OF 95 PERCENT OF THE NATIVE AMERICAN POPULATION IN NORTH, CENTRAL AND SOUTH AMERICA. KILLED MOST BY WAY OF BIOLOGICAL WEAPONS AKA SMALLPOX BLANKETS. THAT IS WORSE THAN ANY «WHITE SLAVERY» OR WHITE GENOCIDE, AND WHITES ARE TRYING HARD TO BURY THAT EVIL PAST. THE NATIVE BABIES USED AS PRACTICE FOR SHARP SWORDS AND FEED SOME TO THEIR DOGS. MURDERED THOSE THAT REJECTED THERE BLOOD FUELED RELIGION AKA CATHOLICISM, RAPED THE NATIVE WOMEN AND GAVE BIRTH TO LATINOS. ITS IRONIC HOW WHITES CRY ABOUT MEXICAN IMMIGRATION WHEN THEY THEMSELVES CREATED THEM. NORTH AMERICA IS NO MORE HOME TO MEXICANS THEN IT IS TO EUROPEANS AKA WHITES. SO STOP BITCHING.

Rush at 2014-01-19 21:52 CET:
@jmindset

Feed blacks had slaves at a rate 4 times greater than whites.

1.4 percent of whites had slaves in 1860

4.8 percent of freed black had slaves in 1860

Freed Blacks also held whites as indentured servants.

Only 300,000 blacks were brought as slaves to north America

South America had 12 million.

Muslims enslaved 4 million blacks

Without slavery blacks would still be building homes out of mud and sticks.

You're welcome

Jester132 at 2014-01-20 01:08 CET:

@jmindset: SCREW. YOU. BOI. NONE of MY personal ancestors kept slaves. I have done the genealogical research to PROVE this, so u kin go have sexual relations with your goat again, he's lonely without you boi. As for all the racism BS attached to this movie: GET OVER IT already!!! it was MORE THAN 200 YEARS ago FFS. stop lookin for an excuse to whine, grow a pair of balls, get a job and go enjoy life. I'm not sure I'll watch the entire film as it claims it was based on a true story and, like most « slave » movies, they claim to be based on truth but so many things just don't make sense.

The Irish slaves were truly beaten and mistreated and their dreadful fall in world population is proof of that. The Irish population was dwindled down to around 500,000 due to Brit enslavement during the 1800's. They were a true example of putrid treatment.

When I hear, over and over and over, that blacks were so treacherously treated and know what their level of population was, in comparison to the Irish, and know that an Irish slave was 1/10th the value of a black slave I have a hard time believing that the black enslavement by white's was as has been suggested. Please, like me, apply common deduction, and aggressive research, in several scenarios; If they were so mistreated how were there nearly 45,000 professional blacks in 1900? Why was the African population nearly 100,000,000 (in the 1800's) if they were all being killed off as a result of slavery? Why would they have ever stayed after the abolition of slavery? Why is the fact that their own relatives selling them into slavery rarely discussed?

So many things make such little sense and I'm frankly tired of being misled by the self loathing « left » (misinformed) like I have been seeing for decades.

Such nasty comments. I can remember a similar cultural reaction to the American TV series « Roots ». I was in high school at the time (yes, I'm old) and all that any non-black student had to do was just say the word « Roots! » and he suddenly became one of the new black AND blue students. Actually this movie is so tedious that I felt like it wasted 12 years of my life. It's like the director's cut of « Uncle Tom's Cabin » on Tranxene. Oh, Yeah A/5 V/5

The Korean were slaves for hundreds of years up until the 1900's century and the collapse of the Joseon Dynasty. There is not a more empowered or educated ethnic group on the planet. Slavery existed for thousand of years crossing all racial lines of humanity. Only American Blacks blame others for their lack of success due to events of history. If you are Black look in the mirror, there you will find the source of all your problems.

If you're into self-loathing, racism, or any thing of this sort can you just keep it to yourself?
Fact: Every race, creed, color, and religion has enslaved it's own and others... period.
Fact: Every so-called civilized nation on the planet was built on the back of slave labor at one time or another. Get over it.
As long as we instigate this type of dialogue we will never get past it as the « human » race.

fucking retards, incapable of original thought still repeating old racist stereotypes.... yep I stooped to your level because you're incapable of receiving fact based info... here are the crime stats by race for 2011.. notice murder rates are basically equal amongst both races.. in fact whites are 67 times more likely to be murdered by whites.. heres another crime stat.. white men are more than 3 times more likely to be rapists and abductors... so while blacks and whites are even in murder.. women are more likely to be raped by white men.. something passed down from slavery no doubt. Read a fucking book. Learn for your self. get off the couch and out the trailer park, put the lil boy down.. get your daughter off your lap, stop fucking your daughters and learn something,

falcon4406 at 2014-01-24 08:49 CET:

^Thank you, ONLY a worm would not UNDERSTAND PER CAPITA... Blacks make up 13% of the US and commit EVERY SINGLE CRIME MORE, Other then DUL... That's like 44 crimes EVERY SINGLE CRIME YOU CAN THINK OF, Child molesters, serial killers, Mass murders EVERYTHING! Look at the chart again. Ouch, that must really hurt your little black egos and punch lines...

Notice how hispanics are not listed, BC THEIR THROWN UNDER « Whites » to GREATLY skew the numbers and hide minority crime. They have been doing this since 1987. Hispanics commit 3x as much compared to caucasians per capita. So when you read « white » It's ALL caucasians, ALL hispanics, and many others, THAT'S AT LEAST 80% OF THE US.

3% Asian, 13% black, 16% hispanic, 64% caucasian, 4% other

At 13% blacks murder 1600 caucasians, kill 7000 blacks, and rape OVER 35,000 caucasian women each year. At 80% « whites » murder 90 blacks, kill 5500 caucasians and rape 0-10 blacks each year. Dont forget blacks rape another 21,000 black women each year. Only boys with little penis rape women...

Dont get mad Beautiful black women are running for caucasiasn men, There are only 23 million black women, and OVER 140 million « white » women. This is a 7 to 1 ratio. Per capita is really not hard to understand. Anyway come out of the hood and you will see black women are actually running for caucasian men more then black guys with white girls just by using that simple ratio.

OR you can just look up interracial marriages and find Beautiful black women are marrying Caucasian men way more. using that 23 vs 140 million, per capita BW/WM marry 2.5 as much.

As a white man i love natural black women, i find them to be the most attractive and i do have a lust and soft spot for them, I'll fall for a beautiful BW 10 easier and faster then a normal white woman, I find there inner strength so sexy.

Timbo6669 at 2014-01-24 09:44 CET:

Maybe another 200-300 years then it might stop....i agree as above...White ppl deserve the hate, when they receive it from colored ppl..The amount of atrocities committed from U.S to Australia.

Nearly everywhere you name, we have decimated local « colored » ppls culture and population.....So, you gotta be patient as to when the revenge hate will stop...said in the best possible light...P.S i'm white, obviously..

Timbo6669 at 2014-01-24 09:53 CET:

Like the comments here..for once there are intelligent responses..sometimes... Away from the movie but relevant none the less.

I dont feel guilty for slavery and no one could...none of us were alive..white guilt is a false labeling of the emotions felt by some ppl when this movie was watched...They feel empathy... and so a normal person would and should..you would hope.

This is really deep topic and what a great read..
